 AI-powered reporting + unlimited jobs & projects.

Why Choose Oberon EHS?

 **Built for construction & facility teams** – tailor-made for industry needs.

 **Mobile-first efficiency** – eliminate paper forms & human error.

 **UK regulatory support** – HSE-aligned guidance.

 **Privacy focused** – zero third-party data collection.

 **Important Note:** AI Hazard Scanner provides preliminary guidance only. It cannot detect asbestos, lead, or chemical hazards. For older buildings, always consult a UKAS-accredited professional. Full UK guidelines: [hse.gov.uk](https://www.hse.gov.uk).

OBERON EHS

Your All-in-One EHS Command Center
