

Specialist Data Protection Officer support for schools, academies & trusts

Protecting schools · Supporting leaders · Reducing risk · Providing confidence

SchoolDPO.com gives schools access to experienced data protection professionals who understand education from the inside. We combine genuine educational leadership experience with specialist data protection expertise, so the advice you receive is legally compliant, operationally realistic and tailored to how schools actually work — practical support, not generic compliance guidance. Everything is delivered remotely, so we can support your school quickly wherever you are in the country.

ICO

Support through complex ICO complaints and investigations

SARs

Experience managing requests involving thousands of pages

EDU

Education specialists who understand how schools operate

What makes us different

- ✓ We understand safeguarding, SEND and EHCP records, admissions and attendance.
- ✓ We help schools implement solutions — not just identify the problem.
- ✓ Independent, proportionate advice that reduces workload for leaders.
- ✓ We know MIS platforms, safeguarding systems and the school software estate.
- ✓ We can draft responses to parents, staff, the ICO and breach notifications.
- ✓ Calm, expert support when something sensitive or urgent has occurred.

Areas of expertise

Subject Access Requests · Data breaches & incidents · ICO liaison · Freedom of Information · DPIAs · Privacy notices & policies · Procurement & supplier reviews · Website compliance · Records retention · Data sharing agreements · Governor & leadership briefings · Staff awareness

Practical advice, not generic compliance guidance.
